Lansingburgh Education Foundation awards a four year scholarship each year to a graduating senior of Lansingburgh High School. These individuals have demonstrated strong community services and/or a commitment to education.

The Education Foundation is currently assisting students enrolled in the advanced placement courses and are in need of financial support. The Foundation subsidizes the cost of these courses in order for these students to receive college credits. Applications for scholarships and educational courses are available at the high school guidance office.

Each year the foundation honors individuals who have made a difference in our community. These individuals have demonstrated a commitment to the students and their families of the Lansingburgh Central School District. We honor them at a dinner each year. Lansingburgh is proud of their time, energy and vision to the students, school district and the community.
