Educate Online's proprietary research based program uses individualized instruction and mastery learning techniques to improve students' reading or math skills. Educate Online is appropriate for students attending grades 3-12 who are functioning at instructional levels 2-8 in math or 3-9 in reading. Students will receive instruction in either reading or mathematics. Parents choose their child's schedule which generally includes 2-4, 60-minute sessions per week. Each instructional session is 60 minutes in length. Educate Online's services are available throughout the year during various time slots: weekday afternoons and evenings Saturdays and Sundays. Each student and her/his family arranges for instructional session times based on their own scheduling needs and preferences. Online, individualized, direct instruction
