Concept of Operations

This District-wide School Safety Plan provides an overview on how the school district will operate in the event of emergency situations. The School Safety plans will be further descriptive of how to carry out the overall plan.

The District Wide School Safety Plan will be reviewed by the District Wide School Safety Team and assessed based on local environment, emergency potential, incident trends, and best practices developed both internally and externally with other schools, BOCES Health & Safety & SERT Team, local emergency responders and community resources.

In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team. The communication designee will notify the district Superintendent by the best means available at that time.

Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified as per the plan.

We will use Troy PD & FD to supplement the districts efforts through existing protocols by additional support, resources and coordination of the emergency by the following:

- Troy law enforcement will assist with building reviews, prevention and staff training.
- Local law enforcement and emergency services participate in planning & training exercised and develop strategies for managing building-level emergencies.
- A protocol exists with Red Cross for the LHS/KHS school building for use of sheltering during times of emergency.
- A protocol exists for the use of county mental health resources during post-incident responses.

II. SRO Obligations

- a. The SROs will build rapport and trust with students by maintaining a high level of visibility on campus during the regular school day and by attending school activities and other school and community programs. The SROs shall respond in a customary manner according to training and standard law enforcement techniques to criminal activity which is observed or suspected by the SRO or school staff. The administration of student discipline, including student code of conduct violations

and student misbehavior, is the responsibility of school administrators, unless the violation or misbehavior involves criminal conduct.

f. The SRO shall be in uniform as directed by the Chief of the City of Troy Police Department ("Police Department").

g. The SRO's hours will be flexible, subject to the approval of the Chief of the Police Department, in order to carry out the purpose of the program as outlined in Section I (a) above. The SROs remain employees of the City and as such are ultimately supervised, evaluated, and directed by the Chief of the Police Department.

It is understood that there may be training needs or other instances when the SRO may work outside the school at the discretion of the Chief of the Police Department.

c. SROs assigned pursuant to this MOU shall be made available to the TCSD and the LCSD no later than one week prior to opening day of the regular school year.

d. The City shall provide SROs which have been certified as law enforcement officers and shall have obtained the necessary training and skills customary for officers in the Police Department.
