March 21, 2020

Lansingburgh CSD Students and Caregivers,

We have some incredibly exciting news to share!!! I am writing today to inform all of you that we are purchasing Google Chromebooks for every high school and middle student and one device per family in the elementary schools. These devices will remain school property, where students and families will be able to sign them out and return them at the end of the school year. While waiting for the new Chromebooks to arrive, we are planning to distribute the Chromebooks we already have on hand to high school students later this week.

If you do not currently have access to a Chromebook, laptop, tablet, or high-speed internet at home, please take this brief survey by clicking [CHROMEBOOK NEEDS SURVEY](#) or calling (518) 512-9956. We are still working out the most effective way to distribute the Chromebooks, while still following social distancing requirements. Expect further communication from me, once we have that figured out.

All teachers were informed of this news yesterday and are already underway preparing learning opportunities that utilize the technology that will now be available to all of you. We believe that having this access to technology is essential to ensure the continuity of instruction for as long as we have to close our schools due to COVID-19.

Onwards and Upwards,

Dr. Antonio W. Abitabile, Ed.D.
Superintendent of Schools
