

Beginning next week, some parents in your district will see a Fall 2023 Program Fee of \$2.50 at their next transaction made on MySchoolBucks. This fee will be charged only in connection with the first payment made during November & December 2023.

Like many other businesses, operational costs to deliver the MySchoolBucks platform and related services have increased. The Fall 2023 Program Fee is intended to help offset increased costs while continuing to provide the highest levels of technology, security, and privacy to parents and administrators using our service. The fee also helps to cover increased costs associated with our commitment to providing personal, live customer service to your staff and parents, without your school district incurring any unbudgeted costs.

If you have any questions, please call our Admin Support line at 800.803.6755. Thank you for your partnership as we continue to transform MySchoolBucks into the most comprehensive and secure school commerce platform.

Thank you,

MySchoolBucks
