PUBLIC USE OF SCHOOL FACILITIES

While the district's school buildings and grounds are maintained primarily for the purpose of educating students within the district, the Board of Education recognizes that the buildings and grounds are a valuable community resource and believes that this resource should be available to the community for specific uses that will not interfere with educational activities. This policy is intended to identify the uses that community groups may make of those facilities.

The Board grants the use of school facilities as a temporary license that can be revoked by the Board at any time.

District facilities may be used for the purposes listed below, subject to the conditions and restrictions set forth in this policy.

Conditions of Use for District Facilities

- A. Use of district facilities may be permitted unless such facilities are in use for school purposes, or during educational programs. The district reserves exclusive and nonreviewable judgment to determine if a requested use would interfere with or disturb the district's educational programs.
- B. The District retains the right to waive use fees for groups that are associated or sponsored by the District.
- C. Use of district facilities will be permitted only where the applicant agrees to pay the district a user fee according to a schedule adopted by the district. The district retains the further right to waive user fees for groups that are associated with or sponsored by the district.

Only authorized personnel shall operate district equipment.
- E. The Board reserves the discretion to deny use of district facilities described above, or to terminate use of district facilities:

1. By an applicant who has previously misused or abused district facilities or property or who has violated this policy;
2. For any use which could have the effect of violating the Establishment Clause of the United States Constitution or other provisions of the United States or New York State Constitutions;
