

Corrective Action Plan
2019-20 Independent Audit

The Lansingburgh Central School District hired The Bonadio Group to audit its financial statements for the 2019-20 school year. They included a singular recommendation in the Management Letter. The district has undertaken a corrective action plan to address these concerns.

The contact person responsible for all corrective actions is Linda Klime, Business Administrator.

General Funds

The School District's unreserved, unrestricted fund balance was outside the NYS Real Property Tax Law 1318 limit, which restricts it to an amount not greater than 4% of the School District's budget for the upcoming year.

Action Plan Response: This event occurred to the inability of the district to fully expend their budget on planned program due to the emergency closing of school buildings and businesses because of the COVID pandemic.

Anticipated Completion Date: June 30, 2021
