## **5606 - Voter Registration for Students**

The Board of Education believes that getting young people involved in the election process helps to secure the future of democracy by preparing young people to be educated, engaged voters who have formed the habit of voting and contributing to civic life early.

In an effort to promote student voter registration, the Board directs the building principals to offer all students who are at least 16 years old (but will not be 18 years old by the next election) the opportunity to register. These students must be otherwise qualified to register to vote. These pre-registrations will be automatically registered upon reaching the age of eligibility following verification of the person's qualifications and address.

Students who do not wish to pre-register to vote do not have to do so. There will be no penalty (including participation grades or credits) for choosing not to do so.
